

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	EGGs	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The number of eggs purchased by the user.	Determine the price per dozen based on the number of eggs. Calculate the cost of the full dozens and any extra eggs. Extra eggs cost 1/12 of the per-dozen price.	Display the total cost of the eggs.
